He Has a Right to Smile.

Col. George W. Goethals.
From a snapshot of the builder of the Panama Canal as he laughed at the earliest report that he was to be placed in charge of the New York police force. Reports are that Col. Goethals will be employed to build the Alaska railway after he is done with his work in Panama.

GIVE GOETHALS FREE REIN TO NAME SUBORDINATES.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Jan. 30.—[Exclusive Dispatch.] Members of the Goethals family in Chihuahua City have arrived at the border with tales of suffering which equal those of the Spaniards during the Revolution. They assert that Don Luis Terrazas, Jr., who is being held as a prisoner by Villa's men in Chihuahua City, was hanged by the neck until he was almost dead, and then forced to show where all the Mexican gold from the Banco Minero was hidden in the city.

REPORT BRENNER SINKING; FAITH IN RADIUM SHAKEN.

(BY DIRECT WIRE TO THE TIMES.)
BALTIMORE, Jan. 30.—[Exclusive Dispatch.] The general belief that Congressman Robert G. Brenner of New Jersey was recovering from cancer through the administration of radium in Dr. Howard A. Kelly's sanatorium was shaken today when it became known that early in the day he had suffered a sinking spell. His condition was so serious that his sister, Miss Rose Brenner, was summoned from Washington and spent the day at her brother's bedside.

KIPLING FREE TOLL TALK CHANGES WILSON'S MIND.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Jan. 30.—[Exclusive Dispatch.] Rudyard Kipling is being given credit here for having been the indirect cause of President Wilson's understood determination to bring about the repeal or postponement of that portion of the Panama Canal Act of August 24, 1912, which permits American coastwise vessels to pass through the Panama Canal without payment of toll.

REPORTS OF JAPANESE IN MARKET FOR SHIPS.

Washington Hears Tokio Agents Are Trying to Purchase Transports.

Wilson Administration Endeavors to Minimize Public Apprehension Concerning Relations with the Mikado. "Situation Is More Delicate Than Mexico," Says Diplomat—Arbitration Treaties to Meet Emergencies.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Jan. 30.—[Exclusive Dispatch.] Information received here from the far East, Japan is in the market for transports. This news, if true, indicates that the military authorities in Tokyo are preparing for any eventuality that may develop. There is nothing this government can do about the matter. The effect of the information is merely to make the military and naval authorities here seek such preparations as the circumstances may warrant. In the meantime the administration is endeavoring to minimize public apprehension concerning the Japanese situation, and is seeking upon every favorable development to prove its contention that the relations of the two countries are not unfriendly. It is placed on the call of the Japanese Minister to Mexico and the commander and officers of the Japanese cruiser Idzumi upon Mr. O'Shaughnessy, the American Charge d'Affaires. It is said the Japanese government ordered this call to be made in order to emphasize the cordiality of its friendship for the United States and to demonstrate that it is in sympathy with the Wilson Mexican policy.

LOST LINER'S SURVIVORS TELL OF CRASH IN FOG.

Forty-one Is Total Number of Victims of the Collision Off Coast of Virginia—Stricken Vessel Goes Down in Ten Minutes Amid Scenes of Indescribable Panic in the Murky Darkness.

(BY A. P. NIGHT WIRE TO THE TIMES.)
NORFOLK (Va.) Jan. 30.—The story of how forty-three persons went down to death in the chill waters of the Atlantic when the liner Nantuxet rammed and sank the steamer Monroe early today, was brought to port tonight by the survivors of the sunken ship who were rescued and brought to shore by the Nantuxet.

MARYSVILLE JURY IS OUT IN I.W.W. MURDER TRIAL.

(BY A. P. NIGHT WIRE TO THE TIMES.)
MARYSVILLE, Jan. 30.—The court's instructions covered almost 100 typewritten pages, and their reading required an hour. Judge McDaniel explained the various kinds of verdicts that could be returned under the charge, and told the jury that, in case of a verdict of murder in the first degree, it could fix the penalty at death or life imprisonment. Other verdicts that might be brought in, he said, were manslaughter or acquittal. He defined the law of conspiracy in detail.

House to Pass the Immigration Bill.

Vote in Congress Shows
Two Hundred and Twenty-
three Ayes.

Speech of Chicago Makes a
Bitter Speech in Opposition
to the Measure.

Some European Coun-
tries Don't Permit Subjects
to Learn A B C's.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Jan. 30.—[Exclusive Dispatch.] The immigration bill restricting the admission of immigrants to this country by means of a literacy test, will be passed by the House of Representatives by an overwhelming majority. On a test vote today 223 members lined up in favor of the measure, while 104 opposed it.

The House divided on the question of the measure, with 223 in favor and 104 opposed. The measure will be passed by the House of Representatives by an overwhelming majority.

The advocates of restrictive legislation maintain that there is a general ignorance of the English language among the immigrants, and that this is a danger to the country.

The opponents of the measure maintain that it is a violation of the principles of the United States Constitution, and that it is a discrimination against the immigrants.

The measure will be passed by the House of Representatives by an overwhelming majority. The measure will be passed by the House of Representatives by an overwhelming majority.

The measure will be passed by the House of Representatives by an overwhelming majority. The measure will be passed by the House of Representatives by an overwhelming majority.

MARRIAGE SECRET OUT.

Actress Daughter of Dramatist Henry Arthur Jones Discovered to Be Wife of Earl's Second Son.

(BY A. P. NIGHT WIRE TO THE TIMES.)
OTTAWA (Ont.) Jan. 30.—It became known here today that Hon. Angus McDonnell, second son of the eleventh Earl of Antrim, who is a guest at Government House, was married at All-Souls' Church, Evanston, Ill., on December 13, last, to Miss Ethelwyn Sylvia Arthur-Jones, second daughter of Henry Arthur-Jones, the English dramatist. The marriage was to have been kept secret until Mrs. McDonnell had completed her engagement with a theatrical company which is touring the Western States.

Hon. Angus McDonnell, in former years frequently visited the Earl of Minto in this city and later his uncle, Earl Grey, former Governor-General. He is a fruit rancher, owning a large farm near Vancouver, B. C., where he resides.

FINDS TOWER OF SILOAM.

Excavator Recalls Story of
Biblical Days.

(BY A. P. NIGHT WIRE TO THE TIMES.)
CAMBRIDGE (Mass.) Jan. 30.—News of the finding of the foundations of the Tower of Siloam were received by the Rev. Dr. Keller of the Episcopal Theological School, from a friend in Jerusalem, today. This tower is mentioned in Luke XII, 4:

"Those eighteen upon whom the tower in Siloam fell and slew them, think ye that they were sinners above all men that dwell in Jerusalem?"

The excavator, according to the message, "has discovered a long, well-cut Greek inscription which speaks of the presbyters and fathers with Simonides, laying the foundation of the synagogue, the baths and the foundations of the synagogue are exposed. They have found the base of a circular building, the tower of Siloam, and a conduit leading from the spring. The conduit seen by Schenck in the sixteenth century thought to have been the oldest, is now shown to be above the spring."

The excavator, according to the message, "has discovered a long, well-cut Greek inscription which speaks of the presbyters and fathers with Simonides, laying the foundation of the synagogue, the baths and the foundations of the synagogue are exposed. They have found the base of a circular building, the tower of Siloam, and a conduit leading from the spring. The conduit seen by Schenck in the sixteenth century thought to have been the oldest, is now shown to be above the spring."

The Foremost Events of Yesterday: (1) Japan Reported to Be in the Market for Transports. (2) Test Vote in the House on the Immigration Bill. (3) The Torture of Terrazas. (4) Zabrera Frenzy Reaches Lorraine. (5) Mexico.

(BY DIRECT WIRE TO THE TIMES.)
CRUZ DE PIEDRAS (Mex.) Jan. 30.—[Exclusive Dispatch.] Sensitive to the criticism of the American authorities, Gen. Carranza today gave orders for the return of all mail which it is alleged was captured from the couriers employed by American Consul Hamlin at Durango and destined for American residents at Torreon.

While holding to the view that Torreon was under siege and that an American representative had no right to attempt to "smuggle" mail through the Constitutional lines, Gen. Carranza took the stand today that it would be better to return the confiscated matter, rather than cause an open rupture.

The Constitutional authorities have said to their representative at Washington that they are in irrefutable evidence that the Durango Consul has exceeded his powers. An investigation will be asked for.

FIGHTING AT GUAYMAS.
Fighting in the vicinity of Guaymas has continued for the last twenty-four hours. The fact that the foreign war vessels have refused to allow the Federal gunboats to shell the exposed parts of the city is said to have prolonged the battle. About 125 Federals were dead on the field and nearly 100 prisoners have been taken. In addition the Constitutionalists obtained more than 100 muskets, together with a large supply of munitions and accoutrements.

The entire west coast is rejoicing today over the report that Gen. Pablo Gonzalez, acting under orders of Gen. Jesus Carranza, had defeated the Federals at Zacatecas and Concepcion de Oro.

It is semi-officially reported that Gen. Villa has signed an agreement whereby he will recognize Gen. Carranza as the supreme head of the revolution.

Constitutionalist authorities have been asked to ascertain the fate of an American named Alexander or Los Angeles, who is said to have been killed by bandits in the neighborhood of Trigo Sinaloa.

Three other American mining men living in the neighborhood are also on the missing list, but the records of the local authorities showed that at least one of the miners had been in jail while a search for his body was being made in the mountains.

NEW QUARANTINE RULING.
Douglas Health Officials Lay Down the Bars on Certificate of Prominent Nogales Surgeon.

(BY A. P. NIGHT WIRE TO THE TIMES.)
DOUGLAS (Ariz.) Jan. 30.—The quarantine that Douglas officials have enforced against Agua Prieta, the Mexican town just across the border, ever since last Sunday, lost most of its force today.

TERRAZAS TORTURED.

Hanged by the Neck by Villa's Men.

Don Luis, Jr., Strangled
Until He Revealed the
Location of Gold.

Then Kept Prisoner for a
Ransom for Half Million
Dollars Cash.

Members of the Millionaire's
Family Arrive at Border
from Chihuahua.

(BY DIRECT WIRE TO THE TIMES.)
LA PAZO, Jan. 30.—[Exclusive Dispatch.] Members of the Terrazas family in Chihuahua City have arrived at the border with tales of suffering which equal those of the Spaniards during the Revolution. They assert that Don Luis Terrazas, Jr., who is being held as a prisoner by Villa's men in Chihuahua City, was hanged by the neck until he was almost dead, and then forced to show where all the Mexican gold from the Banco Minero was hidden in the city.

When the large family of Gen. Luis Terrazas left Chihuahua for Ojinaga, Luis Terrazas remained behind to aid the women and children to leave. He was arrested and has been a prisoner ever since. A ransom of \$500,000 gold has been asked for him, but his father, Gen. Terrazas, refused to pay it, knowing that the rebels would only ask for more. Finally, while Villa was away, Terrazas was hanged by the neck at the military garison until he revealed the location of the \$500,000 in Mexican gold money. This was confiscated and he was again held as a prisoner.

Backdown.
TO RETURN
CONSUL'S MAIL.

CARRANZA HOLD-UP REPORTED
TO WASHINGTON.

Rebel Chief Decides It Is Better
to Give Up Confiscated Matter
Than to Cause an Open Rupture
with Thinks Durango Official Ex-
ceeded Authority.

(BY DIRECT WIRE TO THE TIMES.)

ment." When Mayor concluded many dele-

gates sought permission to continue
the debate, but were denied as it

was declared the controversy already
had cost the miners more than \$10-

000. The report of the Constitution
Committee will be the order of busi-

ness tomorrow.

Peter Abelson.

PHYSICIAN
AS AVENGER.

SENDS PITTSBURGH MUSICIAN TO
A HOSPITAL.

Pennsylvania, Doctor Returns
Home Suddenly and Discovers Man

Attacking His Wife—Knocks Down
Assailant and Uses Knife—De-

clares He Is Glad He No Worse.

ST. PETERSBURG, Jan. 30.—[Ex-

clusive Dispatch.] Unexpectedly re-

turning to his home last night, Dr.

Martin E. Griffith, this city's most

prominent physician, felled with his

flat A. M. Robertson, a leading music

teacher of Pittsburgh, whom he dis-

covered attacking Mrs. Griffith, and

then taking a knife the physician

mutilated Robertson.

Immediately following, Dr. Griffith

called an ambulance and Robertson

was taken to the Charlier-Monessen

Hospital on the orders of the physi-

cian. He is in the serious condition

but, according to the hospital authori-

ties, will recover.

Dr. Griffith is about 50 years old,

his wife about 45, and Robertson is

about 35.

"Yes, I did it," declared the doctor

when asked, "I have nothing to hide.

I am sorry it happened, but I am

glad that it is as it is. It is a won-

der that it was not worse.

Tell of Crash in Fog.

(Continued From First Page.)

were that garb when they left the

damaged Nantucket at her dock here

this afternoon.

As the half-cold, excited throng of

passengers reached the dock they

were herded toward the lifeboats by

the officers and the crew. The life-

boats from one side of the crippled

vessel were unshipped and gotten

away from that side, and the other

frightened humanity, mostly women,

shivering in the wet and cold in their

slimy night clothing. By the time

these were away the Monroe was roll-

ing over on her side, and it was im-

possible to launch the other boats.

fast fall with the water that rushed

through, throwing up her injured side,

then submerging cabins and saloon.

With a chorus of shrieks the un-

fortunates left on the sinking vessel

turned and, crawling ladder, made

their way over the superstructure

through portholes, windows and com-

partments, until they rested, just out

of reach of the waves on the upper

side of the half-capsized vessel. But

even this slippery shiver was not

long available. The waves, rolling

over and over her side, and it was im-

possible to launch the other boats.

fast fall with the water that rushed

through, throwing up her injured side,

then submerging cabins and saloon.

With a chorus of shrieks the un-

fortunates left on the sinking vessel

and perished. Gorman was picked

up by a passing lifeboat. J. Gaddy,

second officer of the ship, was

Monroe, gave his life preserver up

to a woman and after being washed

into the water saved himself by

seizing a floating ladder.

Miss Salie McCombs, a member of

the Macra Theatrical company, was

in a lifeboat with a West Indian

negro who lost his head and

Miss McCombs' hair. He had to be

beaten almost into insensibility be-

fore he would free the woman. C.

H. Davids told how a frenzied negro

standing upon the sinking Monroe

asked another negro for a pocket

knife, cut his own throat from ear

to ear and then fell into the sea.

Though some of the negroes lost

their heads in the end, there has been

notable commendation of their con-

duct generally.

SURVIVOR PRAISES CREW.

E. P. Lyons, said:

"The Monroe's crew behaved

splendidly. There were not very

many women on the ship, but they

were not able to follow up the

boats. There was no effort on the

part of the men to crowd. While we

were in the lifeboat we picked up a

man and a woman. He was holding

by the hair in his teeth and was

almost exhausted when we pulled him

in.

"The Nantucket stood by us, and

those of us who could climbed up the

rope ladder to get on board. Those

who were not able to follow up the

boats were lifted aboard the Nantucket

by the aid of ropes."

Mrs. T. J. Woods of Norfolk was

hurrying to New York with her

husband, whose death occurred there

almost simultaneously with the sink-

ing of the Monroe. Mrs. Woods, who

was borne from the ship by the

steamer Nantucket today, ignorant of

her husband's death. She was al-

most overcome from exhaustion, but

she had been pulled by a rope through

one of the Nantucket's portholes.

W. Albert Snyder of East Orange,

N. J., was among those of the rescued

who had to be sent to the hospital.

Snyder, who was long in the water,

is suffering from exhaustion.

One of the most thrilling stories

told by survivors was that of Miss

McCombs. She was one of the nine

members of the Monroe who were

rescued. Miss McCombs, a member of

the Macra Theatrical company, was

in a lifeboat with a West Indian

negro who lost his head and

Miss McCombs' hair. He had to be

beaten almost into insensibility be-

fore he would free the woman. C.

H. Davids told how a frenzied negro

standing upon the sinking Monroe

asked another negro for a pocket

knife, cut his own throat from ear

to ear and then fell into the sea.

If Our Grandmothers Had

Only Known MUSTEROLE!

How they would have welcomed it. For they knew the blessed relief that

the old-fashioned mustard plaster gave for colds, aches and pains.

But they had to take the blister and the burn with the plaster.

You can get mustard's wonderful effect, without the plaster and without the blister.

MUSTEROLE does it. It is a clean, white ointment, made with oil of mu-

stard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Don't spread MUSTEROLE on a cloth

MURPHY'S RUNNING MATE.

Gaffney and Contractor Stewart, Accompanied by Counsel, Appear Before Dist. Atty. Whitman. (BY A. P. NIGHT WIRE TO THE TIMES.) NEW YORK, Jan. 30.—James E. Gaffney, political associate of Charles F. Murphy, leader of Tammany Hall, and James C. Stewart, a contractor, whose bid for State work was rejected after he had refused to contribute \$150,000 to the campaign of a politician, confronted each other today in the office of Dist. Atty. Whitman. Each had been summoned and neither knew in advance that the other would be present. Stewart testified some time ago at the John Doe inquiry that a "Mr. Gaffney" had attempted to hold him up for the contribution. He said he was unable to identify the man further. To clear up this was the purpose of the District Attorney's move today. Both Gaffney and Stewart were accompanied by counsel. Stewart later was called before the grand jury.

With the remark, "Excuse me, Herr Major," one of the men stepped out to make an explanation, but the major replied: "Your case tell what you are. All good Frenchmen have emigrated; those who are still here are only the dregs of the nation."

The four men, escorted by the officers, were then taken to the office of the Mayor of Monterey, where they were handed over to the police. They were then liberated.

Berlin paper that reproduces these remarkable allegations, says that the facts in the case must be made public. It is asserted that at no stage of the incident did the Lorrainers give the slightest cause for the treatment they are said to have received.

If you have weak lungs, you have reason to fear pneumonia, and should keep at hand a bottle of Chamberlain's Cough Remedy. (Advertisement.)

THE YACHT WARRIOR IS REPORTED Driven Farther Inshore on the Colombian Coast. (BY CABLE AND A. P. TO THE TIMES.) COLON, Jan. 30.—Frederick W. Vanderbilt's yacht Warrior, from which the owner and a number of distinguished guests were rescued early this week, when she went ashore off the Colombian coast, is still holding out against the continued battering of heavy seas, according to wireless dispatches today.

CREW IN GREAT DANGER. (BY A. P. NIGHT WIRE TO THE TIMES.) NEW ORLEANS, Jan. 30.—The forty-eight members of the crew of Frederick W. Vanderbilt's yacht Warrior, which went aground off the Colombian coast Monday, are in great danger, according to wireless reports today. The yacht has been driven farther inshore by heavy seas and is in danger of breaking up. It is understood that the steamer Albatross went back to the Warrior at the solicitation of Vanderbilt.

INDIAN CHIEF'S DAUGHTER. Judge Directs Acquittal of Mrs. Kellogg and Husband. Charged With Impersonation of Officials. (BY A. P. NIGHT WIRE TO THE TIMES.) DENVER, Jan. 30.—Judge R. E. Lewis, in the United States District Court today, ordered the jury to bring in a verdict acquitting Laura Cornelius Kellogg, daughter of an Indian chief and prominent in Indian affairs in Oklahoma, and her husband, on a charge of conspiracy to impersonate government officials.

Is Drink Habit Wrecking Your Husband? Don't You Think You Had Better Have Him Treated Before Something Dreadful Happens to Him. If you have an unfortunate husband who has become a slave to strong drink, or if you have a father, son or brother who needs help you should investigate the Neal Drink Habit Treatment, which is a safe, sure, internal, vegetable treatment that removes the craving and necessity for drink in three days, without the use of hypodermic injections. Send your drinking husband to the Los Angeles Neal Institute, 945 South Olive Street, for three days, or give them the Neal Home Treatment and save them from a life of drunkenness. It is the duty of all who have drinking relatives or friends to insist upon treatment for them, for they are unfit to judge for themselves and are not responsible for acts they may commit while under the influence of liquor. Do not postpone but call today and get full particulars, or write or phone G. U. Neal, Manager, Broadway 4602; A4072. All drug habits treated.

SPEAK FRENCH, ARE ARRESTED.

German Officers Clash with Party of Lorrainers.

Repetition of the Zabern Incident Is Feared.

Berlin Newspapers Endeavor to Hush Up Affair.

(BY CABLE AND DIRECT WIRE TO THE TIMES.) BERLIN, Jan. 30.—(Exclusive Dispatch.) While the reactionary and pro-military classes are demanding that Alsace-Lorraine henceforth be "swapt with an iron broom," another extraordinary incident is reported from the neighborhood of Metz.

According to a Strasbourg dispatch, two French-speaking Lorrainers were attending the Kaiser's birthday concert given by the band of the Twentieth Battalion of Sappers at Sablon. A lieutenant, noticing their language, ordered them to speak German or leave the hall. The Lorrainers, to avoid a scene, repaired to the restaurant attached to the hall, where they were joined by two other French-speaking compatriots.

The lieutenant followed them into the restaurant, and, observing that they were still speaking French, commanded them, in his most energetic manner, to leave the place instantly, as their conduct was disturbing the celebration. The Lorrainers replied in the best German of which they were capable that they would not allow themselves to be dragged out, and expressed their determination to remain.

The lieutenant then brought a major, who, according to the report, without further parley with the "disturbers," instructed non-commissioned officers and privates to arrest them. The Lorrainers kept their caps on, and the major exclaimed: "Take off your caps, you are standing before a royal Prussian major."

Before the quartette could obey the major's imperative order, he is said to have knocked the cap from the head of one of them with a box on the ears. This took place while the non-commissioned officers held the men fast.

With the remark, "Excuse me, Herr Major," one of the men stepped out to make an explanation, but the major replied: "Your case tell what you are. All good Frenchmen have emigrated; those who are still here are only the dregs of the nation."

The four men, escorted by the officers, were then taken to the office of the Mayor of Monterey, where they were handed over to the police. They were then liberated.

Berlin paper that reproduces these remarkable allegations, says that the facts in the case must be made public. It is asserted that at no stage of the incident did the Lorrainers give the slightest cause for the treatment they are said to have received.

CHICAGO WOMEN'S AGES.

They Must Obey the Law and Say How Old They Are If They Wish to Vote.

(BY A. P. NIGHT WIRE TO THE TIMES.) CHICAGO, Jan. 30.—County Judge Owens, head of the Cook County Election Commission, ruled yesterday that women must abide by the laws if they expect to participate in making them. A delegation of women visited Judge Owens, asking that the State law providing that voters must give their ages be not apply to the newly enfranchised women voters. They also asked that the Federal statute denying suffrage to any American wife of a foreign-born man be disregarded.

The women were informed that neither law left any option in the hands of the election authorities. To facilitate the registration of women who cannot leave their children alone while they go to the polls, a nursery for the care of children will be maintained in at least one ward Tuesday when Chicago women will enjoy their first privileges under the recently-enacted Illinois woman's suffrage law.

At Home. The women were informed that neither law left any option in the hands of the election authorities. To facilitate the registration of women who cannot leave their children alone while they go to the polls, a nursery for the care of children will be maintained in at least one ward Tuesday when Chicago women will enjoy their first privileges under the recently-enacted Illinois woman's suffrage law.

LOZIER-WOODS ELECT

MACKEY CUP IN BALANCE.

Coronado and Riverside in Polo Battle Today.

Each Team Has Won Coded Trophy Twice.

Coronado Sees Fast Game by Mixed Teams.

(BY DIRECT WIRE TO THE TIMES.)
RIVERSIDE, Jan. 30.—[Exclusive Dispatch.] Play which will undoubtedly settle the fate of the Mackey cup will be commenced on the Coronado Park field tomorrow, as the contest will be confined to the Riverside and Coronado teams.

Most of the Coronado players arrived tonight.

Pasadena will not be able to participate in the tournament. Its players being too much crippled up to get into the game. In the drawing tonight it was determined that the local team will meet the Coronado A team tomorrow afternoon in the first game for the trophy.

Dupe, Beadstone and Lord Innes-Ker of the Coronado A team arrived tonight, and Drury is expected in the morning. Stacks and Park will represent Coronado's class B team, and with the two Riders of this city constitute Coronado's second team.

Riverside's defenders of the Mackey cup, which has been twice won by the local club and twice by Coronado, will comprise Lett, Bettner, Pattee and Huston. The finals will be played on Wednesday.

Mixed games will hold the boards Monday, Thursday and Saturday. The many brilliant social functions planned for the tournament will center at the Glenwood Mission Inn, the Victoria clubhouse and the Polo clubhouse.

PLAY AT CORONADO DUPEE BUYS PONIES.

(BY DIRECT WIRE TO THE TIMES.)
SAN DIEGO, Jan. 30.—[Exclusive Dispatch.] While six of the polo players motored toward Riverside to play in the tournament opening there tomorrow, two other teams were made up from the colony and met this afternoon in a practice match on field No. 3 of the Coronado Country Club.

Of the six who left for the Riverside turn-out, Walter Dupee, C. P. Beadstone, Hugh Drury and Lord A. R. Innes-Ker will form the team which hopes to win possession of the Mackey cup.

James Park of Meadowbrook and J. Leonard Stacks of the Chicago Polo Club, were the others. The twenty-four ponies they will play with were shipped yesterday.

The feature of the game today was C. A. Crickley's pony, which exhibited two, three and four mile runs, and doing it on a drainage ditch. The big, fast pony was unable to stop in charge to the sideboard, so took the aero route, making a safe landing outside.

Out of deference to Robert Neustadt and Carlton Burke, who still are handicapped by their injuries, the play was designed as a "B" game, but the agreement was soon forgotten in a lather.

O. A. Crickley and E. L. Hildebrand were with Neustadt and Burke, and the four were beaten by M. C. O. Rosta's team by 11 to 0.

The work of Clark J. V. Isaacs and C. S. Lee, the club umpire, who filled in, was effective, and each scored three goals, while M. C. Rosta hit through five. The match game will be played Sunday.

Seven ponies of the string of fourteen that Harry and Reginald Wain brought down a fortnight ago were shipped back to Los Angeles today. The others were sold to Walter Dupee, who took six, and Hugh Drury, who bought one. The Dupees bought Straight Flush, Vito, Ginger, Banters, Zeta and Serrano, while Drury got Happer.

Neustadt gave Centinela a fine debut today, and the green pony won the admiration of the teams. The grand sire of the pony was the \$100,000 St. Blaise.

After Limits.

DUCK SEASON CLOSES TODAY.

HEAVY RAINS HAVE KEPT GAME WELL INSIDE.

Small Army of Nimrod Deaves Los Angeles on Night Trains for Club Preserves and Good Road Sties. Best Records of Season Will Doubtless Be Made.

Loading every outboard car last night were swarms of nimrods making their way to the most favorable spots for the last day of the duck season, the latter going down with the setting sun this evening.

Not only were the members of the various gun clubs among those going to the hunting grounds, but every man who was able to carry a gun hiked for the cars.

Fall of the gun clubs have made special arrangements for the housing of the large crowds that materialized last night. In addition the preserves have been gone over carefully, and plenty of blinds were ready for the gunners this morning.

The fact that the season closes today was not the only reason for the great turnout. The large flocks of the game were the chief points. Since the heavy rains the birds have stayed inshore and they are more plentiful than at any time since the opening of the season.

Many of the more ardent followers of the sport have been making slight inroads on the game through the week, but the majority of the nimrods saved up their energies for a final stab at the closing date.

The roads and outer edges of the inland waterways were crowded with road hunters all over the hunting sections of the district early this morning, and their results are reported as being practically as good as those of those who follow the club rules.

With the close of the season, hunting and fishing matters will be rather quiet for some time, as the trout season, the next big opening, will not be at hand for several months. Hunting will be closed after today until next fall.

HARLEY HAMILTON HOME; SILVIO HEIN ON THE WAY.

BY GARDNER BRADFORD.

RAN across Harley Hamilton yesterday and hardly knew him. He has just come back from the eight months' trip abroad and I guess it did him a world of good.

"I wanted to get here in time to hear Hofmann and Paderewski," he said, "but missed them both." He added that he had not yet decided definitely on his future plans.

Speaking of new arrivals, reminds me that there is another musician due in a few days. He is Silvio Hein, composer of the music of "Rita's Romance," which goes into rehearsal at the Burbank next week.

Later Fountain of the Hippodrome is having an awful job getting enough actors together to help out in Jack Lait's new sketch, "Lead Kindly Light," which comes to the Hipp next week. It is said to be so good that Lait is thinking of elaborating it, and making it a worthy successor to "Help Wanted."

When I went into the Morocco yesterday to see one of the rehearsals of "How D'ye Do," I cannot wonder why their opening has been so long delayed.

One of the big features of the show is a big staircase number in which the chorus uses the full stage. This flight of stairs goes way up into the flies and as the original was destroyed by the flood, they have had to build an entire new one. Also, as that used in Frisco collapsed one night, this one is being built in a most substantial manner.

They are contemplating a change in the road plans for "Pretty Mrs. Smith." Instead of going to New York as originally scheduled, the show will in all likelihood go to the New Court Theater in Boston, opening there March 15. This of course will limit the Los Angeles engagement, as some new people will be put in the cast, and this will mean rehearsals before the troupe leaves.

They always have a job getting a tank on the Empress stage, but this time it is the limit as Worley has had to rip out the back wall of the building in order to accommodate the tank the six diving nymphs use. It is said to be the largest tank in vaudeville.

Taking a tip from this, I am sure

SWIMMING TRYOUTS HELD IN OFFICE IS CHARGE.

THE swimming tryouts to pick a team to represent the Pacific Coast in Honolulu in February, which were to have been held in San Francisco on a recent date, were held in someone's private office a few days ago, and instead of a real team of representative athletes to contest over at the islands, a team of has-beens was the consequence.

Scott Leary, one of the best men in the country fifteen years ago, and McWood, who has been defeated in the south nearly as many times as he has competed, and who saw his last days at least five years ago, are two of the members of the team picked.

There are a dozen boys in the south who take either of these men into camp any day they want to start and without any previous notice, and for that reason it seems very peculiar that they should be chosen, but when it comes to politics we will all have to admit that the man in Frisco have us lashed to the mast.

The south abounds with divers also who have beaten the northern men so often it is beginning to hurt, and for that reason it seems that there was not a single diver included on

Second Event.

ELIMINATION BASKET TOURNEY IN FEBRUARY.

THE second annual basketball elimination tournament will be staged by the Southern Pacific branch of the A.A.U. from February 23 to February 28. Entries are now out, but must be acted upon very promptly, as the lists close February 12.

Some changes have been made in the tournament from the one that was held last year. But three classes will be open on this occasion, they being the 120 and 140-pound and unlimited divisions. The former will be open to all teams with an average of 120 pounds which has no man over 120 on the line-up. The 140-pound teams

are subject to the same rules of average, with the same amendment that there shall be no more than two pounds over the average limit.

The unlimited class is as its name states, open to teams of any size or weight, but is made more in the view as a class for the colleges and club teams. Many of the schools, colleges and clubs are planning on entering teams, the only being the only exception at present.

Trophies will be up for each class, but the trophy for the winner of the unlimited class. This has been put up by the president of the local association of the A.A.U. and is highly characteristic of the great heart he is to the amateur standards.

Up and Down Broadway.

going to carry an umbrella if I go to the Empress.

A pretty little mix up may arise next week when Emma Trentini goes to the Majestic. Norton and Lee, now at the Morocco, used to be with Trentini, but left in Kansas City.

The team has a dance which the Trentini management claims, and it is asserted that if Norton and Lee will also be in the cast, so directness must have been patched up somehow.

Reports will be in order Monday night, the opening of "The Merry Gambo" in San Francisco. This is the next Gaiety company scheduled to come to the Morocco, and has for its bright particular star, Marie Dressler.

Yes, they tell me she really is going to be in it, despite reports to the contrary. Kathryn Osterman will also be in the cast, and her presence must have been patched up somehow.

Los Angeles will be doubly interested in "Addie," which comes here shortly, through the fact that in the case is Nanette Flack, who made so favorable an impression here with "Alma."

Charlotte Walker, last here in her husband's play "The Trail of the Lonesome Pine," writes me that she is considering a dramatization of "The Valley of the Moon" for the coming season. It ought to make a great play for her.

Izetta Jewel, who used to be at the Burbank, but is now in Washington, broke the ladies and record from that city to New York recently in her own car.

Miss Hales, with Wallace McCutcheon, writes that she is going to forsake musical comedy for vaudeville. She has a cast of twenty-four people.

Beale Barricade, I learn, is making a great success in Eleanor Gates' "We Are Seven."

The fact that a new vaudeville sketch by Jack Lait is coming to the Hippodrome next week, featuring Louisa Stevens and Georgia Cooper, reminds me that "Help Wanted" is apparently in need of no help whatever in Chicago.

Charles Laughton, the southern swiftness for the Los Angeles-produced piece.

L.A.A.C. Angry.

The team, because the diver would probably be selected from Southern California.

Les Henry, chairman of the Swimming Committee of the A.A.U., and also in the same capacity in the L.A.A.C., and George Freeth, swimming instructor of the L.A.A.C., are both greatly wrought up over the treatment handed out by the committee in the north, who were appointed to the south.

The Pacific Coast championships might possibly be held in Southern California this year and if so there should be some great battles between the north and south. If this meet is not awarded to Southern California, the meet in San Francisco in 1915 will suffice to show that the southern men are just as good as any that hall from Northern California.

Pat Is Back.

NORTHERN DIAMOND DATES COMPLETE FOR U.S.C. LAWS.

PAT MILLIKAN, chief of the U.S.C. law baseball forces, returned from the north yesterday with the full schedule for the play in that end of the States. The squad will meet California for three games, St. Ignace one, and will wind up with St. Mary's after a trip of two weeks.

The games in the south have not even been given slight attention as yet, the management preferring to wait until Millikan's return. But this end of the matter will now be taken up at once.

The first game with the Bears will be played here, on a diamond, yet to be selected. The college of law will turn out in full force, while the rest of the university is planning for the same reception of the ball tossers at this time.

The team will leave here Wednesday, March 18, for the northern invasion. It will land, going by the way of boat Thursday, and will take on California's varsity Friday, March 20. Saturday a game will be staged with the California freshmen, while the following Monday will witness the third game of the year with the Bear varsity.

Without any rest, the Trojan barriers will hop across the bay to San Francisco and tackle St. Ignace on Tuesday. After this, a short rest will be taken until Saturday, March 28, when the team will meet St. Mary's. The return voyage will be started Monday following.

The schedule is a little hard on the pitching staff, but the other men will probably be able to stand the game very well. As to the chances of coming out on top, the barriers themselves are feeling rather optimistic.

George Wheeler will take charge of the squad next week. With his coaching the systematic work of the team will start, although Pat Millikan has utilized the time available in the best manner possible. In fact, he will turn a squad of well conditioned men over to Wheeler for inside pointers.

Loads and Lots About Gardens

Is Told In the

Next Special Issue of the

Semi-Monthly

Magazine

The

National

Sunday

Magazine

For February 1st

Our Popular

Garden Annual

This issue is a practical guide to the joy of seeing and making things grow—the joy of making a House and Lot into a Home and Garden. It is filled with trustworthy information about the home planting and nursing of flowers for beauty, and vegetables for the table—and goes right to the root of the subject.

There are eighteen million families in this country and the majority of them could cut the cost of living tremendously by having their own gardens, either in a city back-yard or a 10,000-acre farm. How to go about it is fully described by Samuel Armstrong Hamilton and Miriam Biting-Kennedy in a series of articles profusely and splendidly illustrated.

Glance at the Table of Contents; it speaks for itself:

Fruits, Flowers and Folks—By Elbert Hubbard.

The Joy of Seeing Things Grow—By Samuel Armstrong Hamilton.

How a House and Lot Became a Home and Garden—By Miriam Biting-Kennedy.

You Can Grow These Roses—By Samuel Armstrong Hamilton.

Seeds and How to Get Them.

Planting Table for Flowers.

Planting Table for Vegetables.

Gardening on the Pacific Coast.

Lettuce Growing for Best Results.

Small Fruits for the Home Garden.

Making the Most of Sweet Peas.

Insect Enemies and Plant Diseases.

Growing Rhubarb for Winter Forcing.

Spraying Calendar.

New Garden Wrinkles.

And the beautiful, artistic cover design in color shows the horticultural wizard, Luther Burbank, at work in his famous gardens at Santa Rosa, California.

THE RED CROSS TO FLOAT LOAN.

Will Undertake Project to Control Chinese River.

Proposes to Prevent Floods Over Vast Territory.

Twenty Million Dollars Must Be Provided.

(BY CABLE AND A. P. TO THE TIMES.)

PEKING, Jan. 30.—The American Red Cross Society has been granted by the Chinese government a year to which to obtain \$20,000,000 to carry out a project for controlling the river Hwai, the overflows of which have hitherto caused annually great loss of life and damage to property.

A preliminary agreement to this effect was signed today by Paul H. Henshaw, American Minister to China, and representatives of the Chinese government. The plan for obtaining the money is to float a 5 per cent.

The Hwai traverses Southern Honan and Northern Ngan-Hwei, and runs into Lake Hui-Tse. It rises and rises the surrounding country extensively every year. The relief of the sufferers from the inundations has cost hundreds of thousands of dollars.

The preliminary agreement provides for the issuance of a loan at the current market of Chinese bonds.

The Chinese government will send an accredited representative to the United States to complete the loan.

Chen Chin Tao, an American consulting department, who is now proceeding to London to obtain capital for the construction of new railways in China, probably will be appointed to the position. The projected works will not only protect agricultural lands, which almost annually are flooded, but also will reclaim 2,000,000 acres of territory.

Charles Davis Jameson, an American civil engineer, sent by the American Red Cross to survey the country through which the river Hwai passes, says that a provision will be made in the agreement for ample foreign control of the project to prevent the use on which the loans are guaranteed, from being diverted.

THE BISHOP OF LONDON FINDS NOTHING TO JUSTIFY CHARGES THAT MILITANTS SUFFERED TORTURE IN JAIL.

(BY CABLE AND A. P. TO THE TIMES.)
LONDON, Jan. 30.—The militant suffragettes appeal to Rev. Arthur Ingram, bishop of London, to take up the cudgels against forcible feeding, failed today. The bishop visited Holloway Jail, in accordance with his promise, but his investigation revealed nothing to justify the militant charges that the suffragettes prisoners in Holloway were suffering excruciating torture while being fed.

The bishop talked with Miss Michael Peace, one of the suffragettes in the list of prisoners, and in his letter to the Society of Friends and Political Union, says: "I found Miss Peace in the 'reformed hospital,' which is a comfortable bed, fully dressed, and in no way worn out. Her face was fully rounded and she showed no signs of emaciation or distress."

The bishop also talked with Miss Ansell, who was lying in Miss Peace's room on a comfortable bed, fully dressed, and in no way worn out. Her face was fully rounded and she showed no signs of emaciation or distress.

Application is to be made shortly to another American army officer to assist Maj. John N. Mott of St. Ignace, Me., in the organization of a corps of military police for the Government-General of Persia.

MAILS ROBBED IN RUSSIA.

Thieves Got \$50,000 in Cash During Transfer from Train to the Postoffice.

(BY CABLE AND A. P. TO THE TIMES.)
MOSCOW, Jan. 30.—Fifty thousand dollars in cash were stolen today while the mails were being transferred from a railroad train to the postoffice. The government official who had charge of the mail was arrested.

NEW COMPETITION IS FAVORED.

(BY CABLE AND A. P. TO THE TIMES.)
BERLIN, Jan. 30.—The Prussian Academy of Architecture today declared unavailing the plans for the new German embassy at Washington drafted by the court architect, Ernst Ihms. It also disapproved of the plans of the three winners of the competition opened for the purpose of the government. The academy recommends a new competition, restricted to the four architects.

THE DAMP IN GERMANY.

Six Bodies Recovered From Col. Ferry, But Number of Fatalities Is Unknown.

(BY CABLE AND A. P. TO THE TIMES.)
DORTMUND (Germany), Jan. 30.—A fire damp explosion occurred in an Achenbach colliery tonight. Six bodies had been recovered tonight. The number of fatalities is not known. Rescue columns have been sent down from adjacent mines.

STEAMSHIP RATE WAR.

BRITISH OBTAIN ALLIES.

(BY CABLE AND A. P. TO THE TIMES.)
LIVERPOOL, Jan. 30.—At a conference today between the British and Scandinavian steamship lines, it was decided that they should set to work in the threatened passenger war. An organization was created to take the measures necessary to protect the interests of the lines.

Depositors of Work Bank Financial Aid.

(BY A. P. TO THE TIMES.)
NEW YORK, Jan. 30.—The strongest in the State, notwithstanding the fact that the soundness was not 100 per cent, their deposits of nearly \$1,000,000 were offered Tuesday. The offered assistance but have declined.

LOCAL NEWS IN BRIEF.

Letter Carriers to Meet.

The local branch of the National Association of Letter Carriers will hold a smoker in the City Hall this evening. All civil service employees are invited.

Pioneers Will Get Together.

The Los Angeles Pioneer Society will hold a meeting at the headquarters of the Federated States Society, No. 251 West Seventh street, next Tuesday evening. There will be music and refreshments.

Students in College Play.

"Strongheart," the comedy-drama of college life, was produced for a second time in the auditorium of the Manual Arts High School yesterday afternoon. Every seat in the place was filled and the youthful actors were given a hearty acclaim by the audience.

South Dakota Picnic.

The South Dakota State Society will hold its midwinter picnic at Bismarck Park today. The affair will be on all day and a number of short speeches of South Dakota men will be given. The chief feature of the picnic will be the election of officers.

Singular Special Edition.

L. L. Edwards, publisher of the Final Fifth Messenger, announces the issue of a special edition, but he states that there will be no copies for distribution, as there is only one of its kind. It consists of a thriving boy baby that arrived last Sunday.

Webster Club.

The Webster Club will open its third consecutive year with the adoption of the constitution form of government. The meeting will be held at the Sixteenth-street school Monday evening. The subject will be "Municipal Ownership of Street Railways." The public is invited.

Important Republican Meetings.

The executive committee of the Republican County Central Committee of Los Angeles will meet at 2 o'clock this afternoon in the office of its secretary, Oscar L. Horn, 525 Washington building. The evening there will be a big meeting of the County Republican League at Eagle's Hall, No. 224 South Main street.

To Lay Library Cornerstone.

The cornerstone of the \$10,000 Carnegie library at Watts will be laid under the auspices of the Masonic Fraternity of Watts and Los Angeles this afternoon. Judge Bledsoe of San Bernardino will be in charge of the ceremony and a program of music and speaking has been arranged. All of the warring factions of the community are expected to be present without their weapons of offense or defense.

Hebrew Sheltering Association.

The Los Angeles Hebrew Sheltering Association will hold an open meeting next Sunday evening at Hamburg's Arrow Theater, at which time the character of the work will be explained by the president, S. Lewis. Mayor Rose will give an address and other speakers will be Rabbi Isidore Meyer, William W. Bearman, Dr. Leo Bass and City Attorney Stephens. A fine musical program will be rendered.

Indorses Temple Block Site.

At the conclusion of an address by former Councilman Gregory on the advisability of concentrating the city of Los Angeles in a temple block, the Woman's Million Club yesterday unanimously indorsed the plan. Other speakers at the meeting were George A. Brock, chairman of the Commerce Committee of the Chamber of Commerce, who espoused the plan for patronizing home industries, and Mrs. Shattuck, whose subject was the case situation.

Miss Civilization.

On Friday night the members of the senior class of the Fourteenth-street Intermediate high school gave their graduating play, "Miss Civilization." The plot carries three burglars into a wealthy home, where they are held in check by a mere slip of a girl until help comes. The cast was well chosen and did some very discriminating, forceful work. Under the able direction of Miss Edna Joy Addison, the dramatic and debating department at Fourteenth is now a strong one.

Civil Service Examinations.

The United States Civil Service Commission has announced examinations for the following positions: Stenographer and typewriter, field service (male and female), entrance salary \$900 per annum, February 28; assistant in paper plant investigation (male), February 18, entrance salary \$1250; laboratory assistant in petrography (male), February 18-19, entrance salary \$1400-\$1400 per annum; surveyor (male), February 18, entrance salary \$1250-\$1250 per annum; nautical expert (male), February 18, entrance salary \$1000-\$1000 per annum; statistical clerk, March 4, entrance salary \$900-\$1200 per annum; transitman (male), February 18, entrance salary \$800-\$900 per annum; trained nurse, April 15 (men and women), entrance salary \$750 per annum. Application blanks and additional information can be

—values to \$2.50
Madras shirts—also lingerie waists in voile and batiste. A general assortment—among them some extraordinary values. While they last—just 95c!

"The Exclusive Specialty Home for Feminine Apparel"

obtained from the local secretary, 210 Federal building.

Y.W.C.A. Pageant Tonight.

The Y.W.C.A. pageant play, "The Ministering of the Gift," in which 2000 girls of the association appear, will be staged this evening at Shrine Auditorium. The pageant is a review in ten "episodes" of all the work of the association and months of faithful rehearsal have been spent to make it an artistic success.

Grand Carnival Plans.

The North Main Street Improvement Association will meet Monday night at the Griffin-avenue school for the purpose of making definite plans for participation in the grand carnival to be given in Shrine Auditorium on the night of February 15, under the auspices of the Federation of Improvement Associations.

PRISONER ESCAPES.

OXNARD, Jan. 30.—(Exclusive Dispatch.) Red Swartz, escaped from Sheriff F. Barnett of Alameda county, who was returning with him from Florida by jumping from the window of the Pullman stateroom sometime last night. Swartz was armed with a revolver and placed in the upper berth of the room and the leg irons were found in Swartz's berth this morning and he must have worked them off under his feet during the night. The train ran slowly in many places on parole in Alameda county and broke parole by going to Florida. The Alameda Sheriff has offered a reward of \$150 for his capture.

CHARGES DISMISSED.

Laundry Driver's Reputation Is

Cleared of Serious Allegation

Brought by Woman.

Manuel Davis, a laundry-wagon

driver, was cleared of charges of a

statutory offense in Police Judge

Frederickson's court yesterday when

Mrs. Fred Raymond utterly failed

to support her allegations and the

case was dismissed.

Because of the heavy bail required,

Davis was in jail two days, during

every effort to secure bonds. He was

released from custody immediately

the prosecution dropped the case.

The story as told the police related

that Davis was caught by a police-

man after a chase. This proved to

be untrue as Davis was found at

his home where he had gone to wash

off the blood from wounds he had

received in the woman's home when

assaulted by her husband and another

as he called to collect a laundry

bill.

The charge was that the alleged

offense had occurred two days be-

fore. The whole incident Davis says,

he related to his wife and his em-

ployer, who was convinced before

the trial of his innocence. The court

made some caustic remarks in dis-

missing the case.

Beloved Marry.

AMONG GREATEST

OF AMERICANS.

MCKINLEY'S MEMORY REVERED

BY G.A.R. POSTS.

Seventy-first Anniversary of Late

President Marked by Ecological

References by Dean of Theological

Seminary—Services Attended by

Veterans and Relief Corps.

Members of Stanton Post, G.A.R.,

and W.R.C. and their friends to the

number of 300 met in Mammoth Hall

last night to celebrate the seventy-

first anniversary of the birth of Wil-

liam McKinley.

Dean Henry of the Theological

Seminary, University of Southern Cal-

ifornia, delivered the address of the

evening. He said, in part:

"I do not need to apologize, in this

company, for placing William McKi-

nley as the third in the trio of really

great men which this country has pro-

duced. The man who could rise from

the ranks to become a major at the

age of 25, who could guide the desti-

ny of a great State as he did, who

could lead his country through a glo-

rious war into a still more glorious

peace, and live in the public eye for

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.
The Public Utilities Committee of the Council recommended a new policy yesterday in regard to granting spur-track permits, requiring that such permits be granted only to railroad companies and that the spur must serve all properties available along their routes.

Councilman Betkouski stated yesterday that he will oppose any delay in further negotiations over leasing the power distributing systems by the city, and that if a reply as to accepting the contract is not received from the companies by Monday he will advocate condemnation proceedings.

The City Council yesterday approved the award of the contract for lowering the floor of the Broadway tunnel.

A preliminary note which turned up after a business man's death, but which was not intended to be held until after the demise of his wife, formed the basis of a suit yesterday and brought out how a son had tried to protect his parent in financial matters.

DEFINES POLICY ON SPUR TRACKS.

WOULD REQUIRE TO SERVE ALL PROPERTIES POSSIBLE.

Public Utilities Committee Declares in Favor of Granting Franchise to Railway and Not to Private Concerns and Requiring Turnouts for All Lots Adjacent.

A new and radical policy in regard to granting spur-track permits and franchises was decided upon by the Public Utilities Committee of the City Council yesterday. It will be embodied in a report to the Council today, in which the committee recommends the denial of the application of the Pacific Electric Railway Company for a spur track on Alhambra avenue.

The Public Utilities Commission has recommended that the application be denied, on the ground that the volume of business done by this concern does not justify the location of another spur on Alhambra avenue. The Council committee goes farther and in its final decision, it recommends that the definite policy of the Council shall be to require all spur tracks for which permits are issued hereafter to serve as many properties as possible, and that they be granted only to railway companies, and not to private individuals or concerns, so that extensions may be demanded when the need of such service requires them.

Difficulties have been experienced in various cases where holders of permits for spur tracks have refused to allow extensions to be made to serve near-by properties.

The report will also recommend that hereafter spur-track permits be granted only for truckage to run as much as is practicable upon private properties in the centers of blocks, with double tracks and cross-overs for each lot alongside such trackage.

NO DELAYS.

OR CONDEMNATION FOLLOWS.

The time limit placed by the special negotiating committee of the City Council upon the reply of the power companies as to their acceptance or refusal of the proposed contract to lease to the city the distributing systems will expire next Monday. One week was given the power companies to make their final decision, if a reply is not received by that time Councilman Betkouski will champion a policy of "direct action." He will demand that condemnation proceedings be instituted.

Betskouski said yesterday that he would stand for no further delays and that he would be utterly opposed to any attempt to revive the scheme for board of control of the properties which the city wants to use, or to amending the proposed contract in any vital particular. He declared that he was sure of the support of a majority of the Council in this position. Betskouski's plan, in case the contract is not accepted or delays are interposed, is to have the Council ask the State Railroad Commission to condemn the properties which the city desires to secure.

BETTER CONDITIONS.

DEMAND FOR LABORERS.

Dr. Milbank Johnson, president of the Municipal Charities Commission, made an official inspection of the camps for the unemployed in Griffith Park yesterday and stated last night that he found them in first-class condition and the men well provided for. There are now 125 men in the white camp and twenty in the Mexican camp.

The Municipal Employment Bureau is increasing the volume of its listings of positions every day, and as such listings are made it calls upon the men there to make the most of the improvement and to give them the preference over other registrations.

At the camps the men are given a half-day's employment, and are the equivalent of a dollar, or three meals and a bed, thus giving compliance with the State law that \$3 per day the minimum wage for laborers.

The County Supervisors have agreed to stand one-half the expense of instituting and maintaining these camps, but so far the Municipal Charities Commission and Public Employment Bureau have had to use the city funds for which they will get a refund of one-half later. This has made the available funds short, and an appeal is now before the Finance Committee of the City Council asking for a further appropriation of \$2500 for maintenance of the camps. The committee has not yet acted upon this request, and unless relief is given soon the board will be strained for maintenance funds.

The Salt Lake, Santa Fe, Pacific Electric and Los Angeles railways are making demands upon the Municipal Employment Bureau for laborers, and Dr. Johnson said yesterday that the general conditions are very much improved, and that the problem of the unemployed will soon adjust itself.

Approves Tunnel Contract.
The City Council yesterday voted to approve the action of the Board of Public Works in awarding the contract for lowering the Broadway tunnel to L. S. Atkinson for \$114,000. Councilman Betkouski voted in the negative, declaring that he could not see how the improvement would benefit in proportion to the cost, and that he does not believe a majority of the people of the city would want the improvement at such a cost.

Burden on Petitioners.
The City Council yesterday adopted a report of the Public Safety Committee requiring property owners who petition for the closing of blocks within the liquor zone to the issuance of further liquor permits to file at their own expense abstracts of title showing ownership of properties represented on the petitions.

Municipal News Notes.
Property owners on Stephenson avenue have asked the City Council to provide for five-foot sidewalks on Stephenson avenue being placed two feet from the property lines for the full distance of the street, from Boyle avenue to the easterly city limits. The Council yesterday instructed the City Engineer to prepare the necessary ordinance with such provisions.

The City Council yesterday recommended that the Budget Committee provide in the next budget for six additional nurses for tuberculosis cases if there is money available.

Provision was made by the City Council yesterday for exempting from the area of the proposed Arroyo Reco parkway the strip of land that will be necessary when Griffin avenue is extended so as to give direct street service to the Hermon district. The Park Commission favors this solution of a situation that has caused much controversy.

The Public Utilities Committee will return to the Council without recommendation the subject of granting a franchise for a branch of the Pacific Electric Railway on Maubert avenue, from Sunset boulevard to Los Feliz road. Councilman Reed favors the use of Vermont avenue for such a line, while Councilman Landrum, who is a member of the committee, thinks that Maubert avenue should be used.

At the Courthouse.

FORGOTTEN NOTE HOLDS ROMANCE.

MOTHER PROTECTED BY SON IN HIS BACHELOR DAYS.

Paper Pops Up After His Death and Widow Seeks to Realize. Judge Holds that Collection Must Be Made from Estate After Parents' Death.

A promissory note for \$2000 signed by Mrs. Martha W. Oliver and found among the effects of her son, the late Byron L. Oliver, was the basis of a suit brought by O. H. Burke, assignee, against Mrs. Oliver and J. C. Oliver. Burke sought to collect on the note.

In her cross-complaint Mrs. Oliver alleged and later testified that when she signed the note she believed it was an acknowledgment to her son of the amount due him and that it was understood between them that it was to be paid out of her estate after his death. Judge Sherk gave the note to Mrs. Oliver, holding that the note constituted a lien on her estate, and was not collectible before her death.

The history of the note forms an interesting chapter in the love and affection of a son for his mother. It also shows that Mrs. Oliver made great efforts to protect his mother nearly went astray when the note became a part of his estate, which was all willed to his wife, formerly Mrs. Gertrude Osmun, the widow of a wealthy orange rancher, and assigned for collection to a relative. The note itself did not indicate the understanding between son and mother.

To pay the note at this time would have been a hardship on Mrs. Oliver. She stated that she signed it after Byron had confided in her to have an apartment-house at No. 220 Reson street. She had advanced him money for this purpose, and the \$2000 was the sum he had spent over the amount advanced.

Byron L. Oliver married after many years of bachelorhood. He prospered and it would appear that the note had passed from his mind.

ROSE HUES FADE.

NOT AS IT PROMISED.

An advertisement for a housekeeper brought Lillian E. Gilmore and Nathan C. Gilmore together, and what transpired after Gilmore proposed marriage cost Gilmore, a veteran of the Civil War, a decree of divorce yesterday, whereas it made Mrs. Gilmore free once again.

Gilmore alleged cruelty and Mrs. Gilmore in a cross-complaint charged adultery. He said she ran him out of the house with a butcher knife and said she would shoot him. She told a story as follows:

Reading an advertisement in a local paper for a housekeeper, she said she answered it and was engaged by Gilmore. He took her to Porterville and showed her a house he proposed to conduct. The walls were hung with large mirrors, there were rugs on the floor and the furniture was that cozy sort which caused the new housekeeper, a widow, to fall in love with the place.

She returned to this city to pack up a few things, including bed clothing, and while preparing to start for Porterville, Gilmore wrote her letter proposing marriage. Impressed with the elegance of the place at Porterville, the widow consented after consulting her relatives. They were married and set out for their new and palatial home.

On their arrival she says she found the mirrors, rugs and cozy furniture had been removed and then she learned that the owner had taken them away. Luckily she had bed clothing, otherwise she said they would have had to sleep without protection. Having cast her lot, Mrs. Gilmore was game. She advanced her husband \$600 to start over again on the desert, but she says this was soon gone.

BOTH WIVES FREED.

HUSBAND A FUGITIVE.

Granting an annulment decree to Mrs. Alice G. McKay and a decree of divorce to Mrs. Rose A. McKay from the same man, Carl C. McKay, alias Clement McKay, Judge Monroe for the first time in his experience on the bench consolidated three cases yesterday.

Mrs. Alice G. McKay was married to McKay in Denver in 1907. It was reported that McKay had been married in St. Joseph in 1901 to Rose Crawford. McKay apparently had failed to provide for Rose; moreover, she charged him with being unfaithful.

Mrs. Rose McKay was not aware that her husband had another wife and named Mrs. Alice McKay in her divorce suit as the "other woman." She was allowed \$50 a month alimony.

Judge Monroe stated he thought

both women were well rid of McKay, and added that he ought to be in the penitentiary for bigamy at least. McKay's whereabouts are not known.

PROBLEM FOR JUDGE.

TEN MOTHERLESS MAIDS.
Ventura Blanco, two of his bright-looking girls, and their aunt, appeared in the Juvenile Court yesterday for the further consideration of the case of the ten motherless girls. Attorney Walter Haas appeared as a friend.

Mrs. Angeles Blanco, the aunt, has two of the children at her home and is willing to care for them. The baby was turned over to another family. Judge Taft concluded the case a week, hoping meanwhile to solve the problem brought before him by the Humane Society. Mrs. Charlotte C. Lee, a graduate of the University of Philadelphia, has offered her services to the family to teach the girls domestic science.

SUIT DISMISSED.

BECOME RECONCILED.

Attorney Schultz suggested to Judge Monroe yesterday that the divorce suit of Mrs. Lola Stalter go off calendar in view of a reconciliation between the couple. Mrs. Stalter, who keeps posted on cases which appear before him, especially when they are featured in the press, advised Schultz to dismiss the action in view of recent events. This was done.

Mrs. Stalter recently figured as the victim of John Bostick, alias Ralph Farria, the Southern Pacific bandit, who was convicted of the murder of H. E. Montague, a prominent citizen of the city, and was sentenced to life in the prison near El Monte. She charged her husband with desertion.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

ALL TO WIFE. Having faith in the judgment of his widow for the provision of his children, Francis S. Hutchins, who died on the 22nd inst., leaving an estate valued at \$50,000, bequeathed all to his wife, Amy W. Hutchins, who is named executrix. The children are Walter S. Mary E. Frances S. Hutchins, Beatrice H. Perkins and Dorothy W. Raynor.

PILLSBURY PLEADS GUILTY.

Frank Pillsbury, who shot and killed Beulah Gibson, his sweetheart, at San Pedro October 6, last, and dangerously wounded Charles Stout, who was with her at the time, pleaded guilty to murder in the second degree yesterday before Judge Willis, and was sentenced to the state prison for life. The case was brought by Attorney F. A. McDonald, induced Pillsbury to plead guilty after a thorough study of the case. Stout, who was the principal witness in the case, was sentenced to the state prison for life. Pillsbury turned the smoking revolver over to himself and shot himself through the chest, but failed to attempt to commit suicide. He was inhumanly jealous of Stout and when he came upon Stout in the street, he found the Gibson girl in Stout's arms. Deputy District Attorney Keyes represented the prosecution.

BOWDIE ARRESTED.

Pasadena Youngsters Assault a Gardener at Huntington Hall and Otherwise Disturb the Place.

SOUTH PASADENA, Jan. 30.—Frank Bowdye and A. M. McAdams, two young men of Pasadena, were arrested last evening in front of Huntington Hall for disturbing the peace by Marshall Johnson, who took them to the County Jail. This morning they were arraigned before Recorder Crump, who set their trial for February 10. In default of bonds, \$100 for McAdams and \$50 for Bowdye, they were remanded back to jail.

They were noticed first the night of December 17, driving back and forth in an automobile in front of the school, and shouting at the girls, also turning their headlights on the school. The girls objected, and McAdams jumped out and in the fray broke one of the gardener's ribs. The matter was not reported. Last evening, when the performance was repeated, the matron called Marshall Johnson, who made the arrest.

CHAMBER MEETING.

The regular monthly meeting of the Chamber of Commerce was held in the Council chambers last evening, with a full attendance. Probably the requested the chairman of each standing committee to make out an outline of their proposed year's work and present same to the chamber. The chamber will send out a call to the citizens, asking for suggestions to be made in the various committees, and in this way materially assist the chamber in its work for the betterment of the city. Arthur Keetch, member of the Public Utilities Committee, reported the subcommittee as follows: W. E. Tusing and Arthur Keetch, Transportation; W. E. Tusing and Arthur Keetch, Sewers; H. L. Weber, W. J. Filler, chairman of the Streets and Parks Committee, reported that they intended to take up the matter of better street lighting for South Pasadena. After discussing the matter, the chamber authorized Filler to place the matter before the Board of Trustees and see if the ordinance for lighting can be provided for South Pasadena on all the streets, or at least the principal ones.

A complaint was received from the Woman's Improvement Association regarding the filthy condition of the old line cars of the Pacific Electric Railroad. It is alleged that they are in use all day, without being taken to the barns, and by night they are not fit for one to enter. The matter was referred to the Public Utilities Committee, to take any action they deemed necessary after investigation.

The Entertainment Committee reported that reservations for the banquet were coming in so fast that they decided to postpone it until Lincoln's birthday, and it now looked as if 200 covers would be reserved. The chamber will hold meetings every Thursday evening for the members for some time to come, or until such time as the standing committees are in good working order. New members admitted last evening included H. R. Archibald, Marcus L. Godfrey, Charles H. Shotton and E. A. Hamilton.

ASKS HEAVY DAMAGES.

William Stretton brought an action in the United States District Court yesterday against the Snare & Trieste Co., asking damages of \$25,000 for alleged to have been received by being knocked from a scaffolding while engaged in an employment of the corporation on Municipal Wharf No. 1, at San Pedro, on May 19, 1912.

Come enjoy the congenial hospitality of the U. S. Grant Hotel, San Diego. Everything the heart could desire for your comfort, convenience and enjoyment. (Advertisement.)

Long Vigil Over Dead.

(Continued from First Page.)

and with him the police. They found no food in the room except stale bread and musty cheese. The water hydrant was first with disuse, and food had been brought to the rooms during the twenty days.

They took Nannette to the Receiving Hospital. She was in a stupor. The body of Mary was taken to the Breeze Bros' mortuary. Nannette couldn't realize that her vigil was over. She stared about the rooms at the hospital. She lay in bed, and reproached herself for her laziness, patting at times an invisible form beside her.

No money was found in the apartment. Some jewelry valued at \$700 was in a casket and many beautiful gowns hung in the closet. A vial of perfume, drained, was in the room. It is certain that the sisters were in poverty.

The Receiving Hospital Nannette could not talk. She could not control her mind. Nature was still kind to her. At least it was until some one of the nurses, drained, was in the room. She looked with wide, shocked eyes. Then she was asked "Where is Mary?"

She quivered, twitched, her eyes rolled. She screamed, "Mary, my beautiful sister, Mary, take me, and she lay back. Doctors came with stimulants, but nature had refused to take Nannette, so she will be revived. If possible, to explain the tragedy that had been concealed for twenty days.

TO CONTROL THE WATERS.

Covina Ranchers Hold Meetings and Discuss Plans Which May Prevent Repetition of Recent Damages.

COVINA, Jan. 30.—Aroused to the necessity for controlling in some measure the waters of the San Dimas and Dalton canyon washes, which damaged the ranchers of the valley a quarter of a million dollars last week, prominent taxpayers here are organizing into committees for the purpose of securing a state-water right of way. Three meetings have been held in different portions of the valley, they being conducted on the sites of ruined bridges that must be replaced at once.

Supt. J. R. Elliott of the Covina Irrigating Company, John H. Coolman of the Covina City Water Company, William Warren, Charles E. Paige, E. R. Kipp, W. W. C. White, Dr. G. D. Jennings, H. G. Shorey and others are the principals in the movement to establish a right of way 100 feet wide from the Santa Fe gravel pit northeast of Charter Oak to the mouth of the San Dimas wash, where it empties into the San Gabriel River. Different sections of the valley are working their committees separately, with the idea of placing the matter jointly before Supervisor Manning. They will ask that the County Engineer be instructed to draw plans for the work.

The ranchers are aware that haste is necessary, as it is well known that the month of February coming is generally the rainiest month in the year. They are aware that the devastated country may be stricken again by heavy flood waters, and in the event that this should happen, the ranchers along the wash completely exposed. All protection put in along the wash must be swept away. At one point below the ranch of Dr. Frank Morris, in Charter Oak, the waters very nearly broke through the levee of the San Dimas wash, and would have swept down through valuable citrus property to Covina City had it not been that 100 ranchers worked all one night and the next day diking up this low place. The ranchers believe that another storm following on the heels of the one just past will send the floods into the center of the city.

The San Dimas wash is a scene of devastation. Three miles above Charter Oak it became a river 150 yards wide. It brought down sections of the spur tracks of the Santa Fe road, and buried somewhere in the sand a portable stone crusher and gasoline engine which have not yet been located. It gouged out an acre of the W. W. C. White ranch, another acre from the ranch of Dr. Frank Morris, and destroyed a portion of a nursery for E. R. Robinson. It was at the point that the men fought the stream to keep it from coming across country to the city of Covina. Farther down it cut most completely destroyed 15000 worth of nursery stock belonging to Ernest Johnson, taking the land with it. The stream crumbled away a large part of the H. S. Tripp ranch, and carried out the approaches of the Grand-avenue bridge. Below the bridge it toppled the house of W. R. Irving into the river and destroyed a part of his young orchard. At Circus avenue it greatly damaged the new concrete bridge and laid waste a part of the citrus orchard. The greatest damage was done just below Circus avenue in the orchard of A. P. Griffith. This man lost about seven acres of citrus orchard, three acres of which were planted to trees 12 years old. The same wash gouged out a number of groves in Irwindale and destroyed entirely the bridge of the Southern Pacific Railroad at this point.

The wash from Dalton Canyon, situated just above the San Dimas wash, between Covina and Glendale, contributed its share to the destruction. The new concrete bridge over this wash on Circus avenue was undermined. Just below the bridge three acres were totally destroyed for M. T. Grilva. It is here that a force of ranchers was able to turn the wash away from the home of Harry Church. The wash made a new channel for itself, cutting everything clean in its course.

LYMAN GIVEN MORE TIME.

Convicted Promoter Allowed Another Week in Which to Prepare Petition for a Writ of Error.

The Dr. John Grant Lyman case entered on its third semester yesterday, when Judge Welborn, in the United States District Court, granted the promoter another week within which to prepare his petition for a writ of error to the Circuit Court of Appeals.

Paul Schenck, his attorney, informed the court that his client had the promise of \$15,000 surety on his bond of \$20,000, and hoped soon to raise the additional \$5000 that would allow him to be at liberty until the disposition of his appeal.

Lyman has prepared a schedule of his assets and liabilities to be used in the proceedings involving an effort to throw him into involuntary bankruptcy, and the instrument will be filed within a few days. It shows his assets, consisting of alleged values of stocks and bonds to be \$186,985, while his liabilities are \$186,985, leaving a net worth of \$0.

The securities listed as assets, Dr. Lyman said yesterday, did not include his rights in a colorful little piece of property which he had offered \$50,000 before his arrest by an English syndicate. Among his assets of the property of his sister, Mrs. Alice Lyman of White Plains, N. J., \$3500, and Joseph Lehman, father of David Lyman, whose name has been frequently associated with the prisoners.

Come early to the Men's Store today!

The Suits

—Included are both ultra styles for young men and college chaps and three-button sack suits with high cut vests for men of more mature ideas. Suits of tweeds, cassimeres, chevots and fancy mixtures, the colors including tans, browns and grays. Norfolk, chiefly with invisible belt effect, many of them silk-lined. The trousers finished plain or with cuffs, as you prefer.

The Overcoats

—Sweeping overcoats—the three-quarter and full-length of tweeds, diagonals, mixtures, regular styles, regular and late-season, too, of all colors and with abundant assortment. In all a young man, but in any one style, of course. See them early—today—at \$9.50.

In the Furnishing Goods Store

Just a few hints of the many wanted dress accessories for men in the Clearance event.

Men's \$1.00 Caps at 50c

—Full shaped golf caps of cutting materials in brown, tan and grays. Not all sizes in any one color or kind; all sizes for men in the lot.

Men's Soft Shirts at 80c

—Soft, comfort shirts with soft French cuffs—just the thing for business men—in a variety of neat patterns and colors; sizes 14 to 17. (Hamburger's Men's Store—Main Floor)

\$3.00 Sweaters at \$2.00

—Buff-neck styles, with shawl stitched; of desirable weight to wear under the coat, if you choose. With two pockets, in navy, brown or gray; sizes 38 to 44.

75c Night Robes at 60c

—Men's flannel night robes in medium weight with military collar and with frog fastenings. True size patterns and colorings; sizes 15 to 18.

Hamburger's Society Circus

—Come! See the Acrobats, Clowns, Monkeys and the pretty pony—Children's day in the Society Circus of Hamburger's. So be sure to come today and bring the children, both old and young.

—Performance 10:30 a.m., 2:15 and 3:45 p.m. Admission Free. (Circus Grounds—Fourth Floor)

SIEGEL

THE HATTER

349 South Spring St.

Lightning as a Cure-all.

[Pittsburgh Dispatch.] According to the ancients, no one could be struck by lightning while asleep, and no tree struck by lightning could be burned. Splinters from such a tree, diligently chewed, were an infallible cure for toothache and were, of course, pleasant to the taste than the dentist's forceps. And the old-time schoolboy firmly believed that if he were, rash enough to mention lightning directly after a flash the important part of his raiment would be immediately torn off. And many a man, while attempts to land his fellows in that predicament.
